About This Game

Pac-Man in hell

Infernum is a game filled with brutal challenges to overcome. While playing the game you won't be able to kill or damage most of the enemies but at the same time running away without a second thought is not the solution. While being chased you will need to think and reconsider your strategy and open hidden shortcuts while the world and it's lore will unfold around you in a **non-linear** way making each playthrough different. From the creator of the multi awarded indie game of the year [MIND: Path to Thalamus](#) and the dev grant winner [Koral](#).

Interconnected and Persistent World

Every little change you make in Infernum will remain like that forever. As a player you will have to be smart about harvesting (or not) Light, interacting with doors, barriers and elevators and even your death. Dying does not reset the world, it's part of the experience. That's why there will be consequences if you act careless with your deaths.

Infernum is one of the easiest games to mod using the free Unreal Engine 4. If the world of Infernum is not enough for you explore the [WORKSHOP](#) to download expansions, modifications of Infernum or even brand new games, done with Infernum's

content or custom content! PCMR Only feature.

Features

- Accessibility Matters. When making Infernum accessibility features have been taken into consideration for physically disabled, deaf and colorblind gamers.
- Main Campaign with +14h of average playtime
- All upcoming DLC will be free
- A brutal prison without bars, where the world is the real cell, full of enemies and traps that will make your path challenging.
- Agony-inducing environments and challenges.
- 17 interconnected non-linear levels.
- 6 Easy to use, hard to master player skills to find and improve.
- Different enemy kinds. Each one will require a different strategy/skill to overcome.
- Persistent world. Every little change you make in Infernum will remain like that forever.
- Robust, deep, Photomode included.
- New Game + Mode.
- 24 Achievements.
- Multiple Endings.

PC Exclusive Features

- Twitch Integration. Your chat will be able to vote for events to happen ingame live.
- Mod support. Browse and download mods or expand and change something in Infernum yourself! Create your own game inside Infernum if you want! Infernum is one of the easiest games to mod in Unreal Engine!
- 8K, 4K, upscaling and custom resolutions support, including ultra wide multi monitor resolutions.
- Robust video settings menu. Make Infernum run smooth even in the really low spec computers.
- 16K or even more Photomode upscale output.
- Speedrun clock integrated
- Artbook, 4K Wallpapers, Making of and goodies included in the game files!

Can hell be beautiful?

Infernum needed memorable appealing environments (instead of the usual images of a hell full of fire, suffering, screams and lots of reddish, gore landscapes) because in Infernum the most beautiful environments are also the most dangerous ones. This tends to generate discomfort, anxiety and inquietude in the player. It is no coincidence most of the brutal dangers in Infernum

can be found at daylight in plain sight rather than in the darker claustrophobic environments.

WARNING! Game World Spoilers

Title: INFERNIUM
Genre: Adventure, Indie
Developer:
Carlos Coronado
Publisher:
Carlos Coronado
Release Date: 3 Apr, 2018

a09c17d780

Minimum:

OS: Windows 7 SP1 64bit, Windows 8.1 64bit Windows 10 64bit

Processor: Intel Core i3-2100 / AMD® FX-6300

Memory: 2 GB RAM

Graphics: NVIDIA® GeForce GTX 750 Ti / ATI Radeon HD 7950

DirectX: Version 9.0c

Storage: 3 GB available space

Sound Card: DirectX 9 sound device

Additional Notes: Controller support: Microsoft Xbox ® Controller for Windows® (or equivalent) recommended

Got smooshed by a shrinking cube.
Beat the developer's speedrun time xD

Don't wanna play for 10 hours tho. Short but fun game, worth the sub \$1 buy.. That game was an interesting Battlefield like. It has a solo mode with a story. This campaign is rapidly completed since it's purposed is to introduce the special items, weapon types, features, and the overall background.

The main experience is the multiplayer and it is dead. The main menu browser does not work anymore. There's a guide on steam explaining how to join a server in this game, but there are only 3 servers and they are all empty, so this is clearly a dead game that should not be sold on steam.

There's a LAN mode, so if you find a couple of 30-60 people willing to play it, that may be interesting, although you could do the same with Battlefield 2 which is in my opinion better.. Ehh. It's an interesting concept, but not terribly well executed. There's only the one ship, and as far as I can tell only the one strategy of missile spamming for dealing with fighter swarms. The 6 missions are done in under an hour. Voice Acting is annoying (just random phrases from a small pool). Biggest problem in the end game is that you have black cross hairs against a dark background.. Being a huge fan of the SCP foundation I was thrilled to see a VR game about the one SCP that truly terrifies me and makes me scared of stairs. For being an early access game and being quite short, I'd say it was definitely worth the \$15. There is definitely room for improvement and I can see this game being a hit in the SCP community in the future. My only complaint is how you pick things up, using the grip buttons is a little uncomfortable, especially for the items that you have to hold down the button to keep it on your hand. All in all, this is a great game and I 100% recommended it to anyone looking for a good scare. The first game ever that deserves the f2p title because you can get everything just by farming and being patient + unlimited fun you will never get bored there's always something to do. Excellent game! :D. do not buy this piece of garbage of game played for 5mins and there is no sorry or point to the game im getting a refund one of the worst vr games ive ever played dont let the video fool you like it did to me. after running the intro movie, the screen blinks, goes black, then minimises to desktop.

hours later - still won't run.

if a game doesn't work it should be removed from sale until fixed

don't waste your time here, find another game. I'd like to state before I start this brief review blurb that I am not the sort of person to really play Call of Duty. Check my profile - other than Black Ops, I've barely glanced at the series. That said... The sheer amount of content in this game is insane.

You've got a tightly constructed four-player cooperative campaign, an alternate version of that same campaign filled with zombies and corrupted machines, a new take on Zombies mode set in the 1940's with a star-studded cast all hamming it up beautifully, a competitive multiplayer that you can both play online and in botmode (YEAH! BOTMODE! REMEMBER WHEN THAT WAS A MAINSTREAM FEATURE?! Well, it's here, in Custom Games!), a free running trial mod inspired by Mirror's Edge, a top-down comedy shooter known as Dead Ops, AND mod support on PC.

Ignore the haters who insist this game isn't worth your time - they're just disappointed they can't curbstomp thousands of people with scorestreaks. Even with the smaller population online, the game's botmode AI is razor sharp and provides plenty of fun across multiple modes. All cooperative modes can be played solo, and BLOPS 3 even has PC split-screen support if you have a controller or two hooked up to your PC.

Launch day issues have been patched out, there's tons of progression and new tricks to discover as you play across the various modes... why are you reading this review at this point? Go get Black Ops 3! It's probably the most distinctive and interesting Call of Duty game in years. Which may be why it turned off its bro fanbase, but hey, at least the rest of us can dig it!. this game is a gem

this ♥♥♥♥ing game is the best game i have ever played. It is amazing. I love it with all my heart. i r8 8/8 m8 (not b8 m8). The best game that I only played for a few minutes because of the Steam Summer Camp event 2011 to try and get more tickets. I sucked though so I didn't get the ticket from this game.. Really cool game, i hope the multiplayer update come soon and it will be perfect.

Maybe a few bugs, but im sure devs will fix them. a simple yet fun game with friends. dont expect too much as its a very new game but the developers listen to buyers and have been making improvements.. Short and challenging game :) Achievements was pretty hard to get but after so many tries and so many stuggles finally got the last achievement xD . Not the worst Sniper game I played but still not very good. Game has no full hd support, enemy A.I. is not existant. I only played the first level (or a part of it) and everything looks the same, you always shoot the same dump enemies.. Ok, so I love the Classic Lara outfits. The card system is trash and plain monetization of Single Player game. Manor and Zombie mode can count a DLC but the rest was cut out of the main game. Not a fan of passes and micro transactions in a PC game but as long as its optional and not cut out of the main title I don\u2019t care as I do not need to buy it. I will never support that model. Here I recommend in a collectors edition on sale.. The game is very fun and some fresh air for the rythm-game genre. You get 5 different tools, mostly weapons, to defend against and attack the beat.

Pros:

- Relatively large variety of tools\weapons
- Tools are very fun to use, I especially liked the blaster gun
- You don't only slash\hit stuff but it feels like an active fight against an enemy
- The game makes you move much more than traditional rythm games
- The notes match the beat and the songs have a good flow

Cons:

- Menu is very basic and needs a lot of polishing\reiteration
- Sometimes your view gets obstructed by the many notes flying towards you
- Limited number of songs
- Bad performance in some areas
- Game needs a lot of polish in general

Considering it's early access I didn't weigh the bad polishing a lot in my rating.

The pros overweigh the cons by far.

The game is just so much fun and I really want this to become bigger, more polished and get a larger library.

I got it for the sale price of 7,50\u20ac but I would definitely say it's worth the regular price of 12,50\u20ac.

A Big THANK YOU:

Hi,

The support I've been getting from the press, youtubers, streamers, influencers, users and cats has been amazing, and I only

wanted to share that with Steam :)

Aside from that, some of you noticed the game had some ninja un-announced updates! What those little updates did was really simple: They balanced enemy placement in a couple of areas (not something game changing at all, as you all seemed to love it as it was!) and fixed localization for Russian, Chinese and Japanese. Oh! I almost forgot! Steam cards have been added to the game :)

So, what's next? Well, I am open to suggestions, but I plan to add a free DLC with new enemies and a new skill. A user said it would be awesome to be able to run in exchange of light... :) :)

Anyways, here is a selection of quotes from the Internet about Infernum.

Hope you all have a great week!

Cheers,

Carlos.

Infernum has done what a lot of the Dark Souls sequels have not: Give me a real sense of wonder and discovery.
Defunct Games

<http://www.defunctgames.com/courant/1265/infernum>

The best I've played in 2018. Incredible open world and level design.

Ignacio Orly - HyperHype

<https://www.hyperhype.es/infernum/>

Yes, it's the Dark Souls of Pac-Man, really, and that's what makes this title work.

Apoch Weiss - Steam Curator

<https://steamcommunity.com/id/apochweiss/recommended/789950/>

Sometimes a fresh new game comes along that just completely melts your mind. Infernum is one of those games.

RGT 85

<https://www.youtube.com/watch?v=6iP9zo79xik>

The biggest most entertaining challenge since Dark Souls 1. Period.

Behind the Games

<https://www.youtube.com/watch?v=LYsU0p1zZPI>

Infernum is the kind of game that will inspire a whole lot of love from those who click with it.

Jon Mundy - NintendoLife

http://www.nintendolife.com/reviews/switch-eshop/infernum?utm_source=nintendolife&utm_medium=email&utm_campaign=review-notification

Infernum is a game designed to seduce those who like to feel genuinely challenged.

pinjed - Anaitgames

<http://www.anaitgames.com/analisis/analisis-infernum-carlos-coronado-ps4-pc>

INFERNIUM is bold. It's a risky, yet confident game that people should experience.

Notable Steam Releases - Steam Curator

<http://notablereleases.com/post/indie-weekly-2018w14/#infernum>

Infernum is the Dark Souls and Pac-Man mash-up you didn't know you want it.

Cyril Lachel - Youtuber

<https://www.youtube.com/watch?v=0KEFHAAoFphw>

Infernum can break an adult person and make her cry in despair but it is so satisfying to complete it becomes one of the five best games I've played this year.

ByVima

<https://twitter.com/byViMa/status/987304605452324865>

We got in because the Twitch Integration. What surprised us was what a purely awesome gaming experience this was.

Fail Salon - Twitch Streamers

<https://www.twitch.tv/failsalon>

A modern survival horror approach on Pac-Man.

Albert García - La Vanguardia

<http://www.lavanguardia.com/tecnologia/20180403/442161244000/infernum-carlos-coronado-pc-ps4-switch.html>

INFERNIUM is a non-linear game that doesn't hold your hand. If anything, it chops your hand!

Shawn Long

<https://www.patreon.com/shawnlong>

From breathtaking waterfalls to a terrific beach, everything looks stunning

Jennifer - SwitchWatch

<https://switchwatch.co.uk/infernum-nintendo-switch-review/>

Having more fun with Infernum than I have with the many triple A that dropped this year.

Apoch Weiss - Steam Curator

<https://steamcommunity.com/id/apochweiss/recommended/789950/>

Definitely a choice for the hardcore gamer out there

Charles Kyle - The Loot Gaming

<http://thelootgaming.com/infernum-review>

INFERNIUM presents an engaging portrait of a Hell that doesn't imprison captives through divine wrath but through the player's own nagging sense of curiosity.

Steven Porfiri - Crossfader Magazine

<http://www.xfdrmag.net/infernum-review/>

Often cruel, frequently captivating, and wildly esoteric, Infernum is an unforgettable and original interactive experience.

Andrew Beeken - Next-gen Gaming Blog

http://nextgengamingblog.com/blog/infernum-review/?utm_source=network2&utm_medium=widget&utm_campaign=commented

Indescribably magnificent level design, a sensational understanding of the movement, the puzzles and platforms, a visual and sound exhibition to remember, it rises deservedly with the outstanding categorization.

Ronald Goncalves - Area Jugones

<https://areajugones.sport.es/analisis-infernium/>

Infernium causes addiction with its difficulty, causes frustration with its graphics, causes anguish with its sound quality and wonders us with its design.

Rubén - Nintenderos

<http://www.nintenderos.com/2018/04/analisis-infernium/>

Infernium places you in a version of Hell that is as taxing as it is beautiful.

Alisa Hail - Nitchigamer

<https://nitchigamer.com/2018/04/11/infernium-review-ps4/>

Infernium's open world is hostile and demanding, but also fair and balanced.

Hugo Muñoz - Start videogames

<http://www.startvideojuegos.com/infernium-el-ultimo-fondeadero/>

One of the few games I've played this year to leave me in awe.

Cyril Lachel - Defunct Games

<https://www.youtube.com/watch?v=0KEFHAAoFphw>

One of the most unique experiences I've ever had in a game.

RGT 85

<https://www.youtube.com/watch?v=6iP9zo79xik>

We are faced with a set of the strangest, in which all its gears turn to perfection.

Roberto Pineda - Akihabarablues

<https://akihabarablues.com/terror-y-belleza-se-dan-la-mano-analisis-de-infernium/>
